About Skorsi

Skorsi provides live online classes for B.Tech students, taught by IIT and industry experts. We help students clear their backlogs and pass their semesters through 1:1 and small-group live online tutoring. Our mission is to make quality academic support accessible to every engineering student, wherever they are.

Role Overview

As a Skorsi College Ambassador, you are our voice on campus. You'll connect with fellow students, introduce them to Skorsi's programs, and help those who are struggling with backlogs or tough semesters find the right course. You earn a generous commission for every student you successfully enroll — the more students you help, the more you earn.

Your Incentive

10%

 of every course fee

For every student you refer who enrolls in a Skorsi program, you receive **10% of the course fee they pay**. There is no cap — your earnings grow directly with the number of students you enroll.

Example: If a student enrolls in a course worth ₹10,000, you earn ₹1,000. Enroll 10 students in a month and that's ₹10,000 in commission — alongside your studies.

Key Responsibilities

- Reach out to students across your college — classmates, juniors, seniors, and campus groups — and introduce them to Skorsi's programs.
- Identify students who need help with backlogs, difficult subjects, or semester preparation and connect them with the right Skorsi course.
- Explain how Skorsi's live classes with IIT and industry experts work, and answer basic questions about programs and pricing.

- Guide interested students through the enrollment process and ensure they complete their registration.
- Promote Skorsi through campus channels — WhatsApp groups, class groups, notice boards, and word of mouth.
- Share honest student feedback and campus insights with the Skorsi team to help us improve.
- Represent the Skorsi brand professionally and ethically at all times.

Who We're Looking For

- Currently enrolled college student (B.Tech students strongly preferred).
- Well-connected and active within your campus community.
- Confident communicator, comfortable talking to peers.
- Self-motivated and target-driven — you set your own pace.
- Trustworthy and honest in how you represent Skorsi.
- Active on social media and student groups is a plus.

What You Gain

- Uncapped 10% commission on every enrollment.
- Fully flexible hours that fit around your classes.
- Real experience in sales, marketing, and communication.
- An official Skorsi Ambassador certificate.
- Letter of recommendation for top performers.
- Direct mentorship from the Skorsi team.

How to Apply

Interested in becoming a Skorsi College Ambassador? Send us the following:

- Your name, college, course, and year of study
- A short note on why you'd be a great ambassador
- Your phone number and email

Apply at www.skorsi.com or email us at careers@skorsi.com

Commission is paid on successful, fully-paid enrollments referred by the ambassador and is calculated as 10% of the net course fee actually paid by the student. Payout terms, timing, and eligibility will be confirmed in the ambassador agreement. Skorsi reserves the right to verify referrals and update program terms. This document is a role description and not a contract of employment.
